10:25-10:30 am	Closing Remarks / Conclusion

Panelists: Currently, Panelists include Joanna McDuffie, Esq., with Richland County Sheriff's Department, Barry Wolff with the SC Recyclers Association, and Steve Levetan with Pull-A-Part, LLC.

Registration: To register in advance for this webinar, please follow this link:
https://us02web.zoom.us/webinar/register/WN_pNjrrdxNRRO2ggP1DnWTFQ.

After registering, you will receive a confirmation email containing information about joining the webinar.

The webinar will be recorded and will be made available for future reference.

SCCJA Continuing Law Enforcement Education Credits will be awarded for this training.

Intended Audience: This training is intended for law enforcement and Secondary Metals Recyclers (SMRs). With the enactment of [H. 3991](#) (Act 80) in 2021, the Non-Ferrous Metals permitting and enforcement processes have changed. So, to ensure both law enforcement and recyclers are interpreting and implementing the law in the same manner, the SC Sheriffs' Association is partnering with the SC Recyclers' Association, the SC Police Chiefs' Association, and the SC Law Enforcement Officers' Association to host a webinar on the new law and processes.
